Student Grant Criteria Fall 2016

The Executive Board of the Southern Nevada Chapter of the Society of Fire Protection Engineers (SNSFPE) has approved the award of $1,000 Collegiate Student Grants for the Fall 2016 school year.

The purpose of these grants is to promote the Fire Protection Engineering industry in the Southern Nevada area. Students need not be enrolled in a fire protection engineering degree program, but must be in an accredited engineering or science program and demonstrate an interest in the Fire Protection Engineering industry. Special consideration is given to applicants interested in a career in the Southern Nevada area.

These grants are open to both full and part time students that are interested in, or are currently working towards, a career in the Fire Protection Engineering industry.

A typical applicant is an undergraduate or postgraduate student in an accredited Engineering degree program and demonstrate an interest in the Fire Protection Engineering industry. Special consideration is also given to applicants who have taken or are enrolled in the Fire Protection Engineering course offered at UNLV. A minimum cumulative GPA of 2.5 in classes in the field of study is required for application.

The application deadline is Friday September 16, 2016. The Executive Board will review all Grant Applications received on or before the September 16, 2016 deadline, and select the recipients deemed worthiest in the opinion of the Board. All applicants will be notified via email with the results of the Board’s decision.

The grant will be awarded before the Fall 2016 semester. Additionally, the recipient will be invited to attend an SNSFPE Chapter Meeting. The Southern Nevada Chapter of SFPE does not guarantee any/all applicants will receive a grant award, nor is the grant amount guaranteed, nor is there any obligation to make an award. The grant is awarded without regard to race, color, creed, ethnic background, gender, or physical capabilities.

Interested students must fill out and submit a written application. Please mail your application to:

Mr. Greg Shino
5155 W. Patrick Lane
Las Vegas, NV 89118

For any questions, please contact Greg Shino at (702) 362-9200 or greg.shino@jbace.com.
